 2. Dial the Conference "Room" Number: *9220679*
- (NOTE: the star key * must be pressed before and after the room number)
3. Wait to be added to the conference call.

HANDS Linked

In conjunction with the Black Alumni Council meeting on February 23rd, you are cordially invited to attend a career mentorship event sponsored by *H.A.N.D.S. Linked*. *H.A.N.D.S. Linked*, which stands for Help Aspire Networking Development Success, was created and designed in 2006 by Alicia Scarborough, class of 2005. This program encourages current students of color to begin thinking about life after College and how they can make a difference as global citizens through their passions, motivations, and pathways to a life with purpose. Your presence is requested on February, 23rd to help students ASPIRE and offer advice on how to obtain success after Wooster through practical knowledge and your personal experiences as alumna/us. Making an effort to contribute your gifts, talents and abilities will prove to be a priceless experience...for both current students and alumni. We're looking forward to seeing you there!
